Nathan Creek  
nate@deepcreek.org.au

1. There's a voice in-side my head

I'm not child - ish, I'm not cra-

2. There are things that we should do.

All the things that we can see,

- zy, I'm just a christian.

And it tells me what to do.

that need to be cured.

How do we know where to start

It's not trying to take my life a-way, but give new life to me and you, be-cause

You just o - pen up your-self to God, and let his love in-to your heart

**Chorus.** God, is work-ing through his king-dom

So the glo - ry of his po - wer can be shown

God, will help us make de-cis - ions. When we try to find our way we're not a-lone.

We've

got the voice in-side, we're not a - lone.
